SuperCoons Maine Coons agrees to sell to Buyer the kitten designated above for a price of \$ _____ which includes non-refundable deposit of \$ _____.

Balance of purchase price to be paid before delivery of the kitten. If shipping is required, Buyer is responsible for all shipping fees and appropriate carrier. Failure to pay in full for the kitten and shipping costs will result in loss of deposit by Buyer and Breeder shall then be free to place the kitten with another buyer.

THE BREEDER GUARANTEES:

1. The Kitten will come to the Buyer, in good health, microchipped, 2x vaccinated, desexed, regularly dewormed, vet checked and with pedigree papers.
2. The kitten is guaranteed against congenital defects for TWO YEARS. Should the cat die, a replacement of kitten will be made and only with a veterinarian certificate stating the cause of death. No cash refund will be given.
3. The breeder will cover all vet expenses relating to anything that can be traced directly back to **SuperCoons Maine Coons**, up to the value of the kitten and no more than that
4. If vet inspects the kitten within the 72 hours and finds the kitten to have a life threatening or untreatable condition, the Breeder must be notified immediately. The buyer can then return the kitten to the Breeder and the Breeder will replace the kitten. Should another kitten not be available, the Buyer will have the option of waiting for a new kitten to become available or getting a cash refund.
5. The kitten cannot be returned after the 72-hour guaranteed period has expired. Therefore, if you have any other pets, it is very important to isolate your new kitten from them for a period of one week. However, keep in mind that a kitten is put under stress when it moves to its new home, which can lower its immune system.
6. Provide copies of health tests done on kitten's parents.
7. It has been firmly established that all kittens leaving **SuperCoons Maine Coons** are to be kept indoors-only or within a fully enclosed cat run.

THE BUYER AGREES:

1. To provide proper housing, diet, fresh water, parasite control and general health care, including the completion of immunizations plus yearly boosters and prompt veterinary care for any illness or condition requiring medication or surgery.
2. The buyer will inform Breeder of any changes in purchaser's email address, street address or telephone number. I need to keep up with the health status of all my kittens to ensure I am breeding healthy Maine Coons.
3. This kitten has been vaccinated at least twice, as per my veterinarian's protocol, with F3. If the Purchaser chooses to inoculate for feline infectious peritonitis (FIP), or feline immunodeficiency virus (FIV) after purchase, this contract is invalidated.
4. If this cat dies of a potentially heritable condition or for an unknown reason, Buyer will contact the Breeder immediately and will permit a necropsy to be done if Breeder requests one. (At the Breeder's expense). Buyer also agrees to provide Breeder with a copy of the relevant veterinary records.
5. The Breeder should be first point of contact for any concerns, health or behaviour issues before discussing it on social media. This is due to the large amount of incorrect information given by anyone who feels to give an opinion on anything on social media.
6. The Buyer needs to take the kitten to the vet for a health examination within the first 72 hours. Failing to do so, will void the warranty/warranties.
7. Should the Buyer be unable or unwilling to care for the cat in the future, the Buyer will contact the Breeder so that the Breeder may find a suitable home for the cat.

I understand the above written contract and agree to abide by all sections both typed and written. Both parties agree to all of the above agreements and terms.
